2. Page-by-Page Feature Inventory

2.1 Home Page (`/`)

Element	Type	Notes
D.R. Horton logo	Link → `/`	Alt text present
Skip to main content	Link → `#main-content`	Accessibility
"New homes. Now ready."	Top banner	Persistent across site
Nav: Who we are	Link → `/who-we-are`	
Nav: Smart home	Link → `/smart-home`	
Nav: Services	Link → `/services`	
Nav: Customer care	Link → `/customer-care`	
Community search	Combobox	"Search by zip, city, state, or community"
Map view	Button	Alternative search mode
Hero heading	h1	"Find your community. Find your home."
Video section	iframe + overlay	"We are America's Builder"
Smart Home card	Link → `/smart-home`	
Real Estate Agents card	Link → `/real-estate-agents`	
Military Buyers card	Link → `/military-benefits`	
Submit Your Story card	Link (external)	customerportal.drhorton.com
State links grid	37 state links	With expandable submenus
Footer navigation	Links	3 columns
Social media links	4 icons	Facebook, Instagram, LinkedIn, Pinterest
Legal links row	8 links	Privacy, Terms, etc.
Cookie banner	Dialog	Manage Cookies / Reject / Dismiss buttons
accessiBe widget	Button	Accessibility overlay tool

Responsive behavior (375px):

- Navigation collapses to hamburger menu ("toggle navigation" button)
- Footer navigation becomes tabbed accordion (About D.R. Horton, Resources, Finance Your Home, Legal Information)
- Main navigation links hidden behind hamburger

2.2 Who We Are (`/who-we-are`)

Element	Type	Notes
Photo mosaic	12 images	Alt text present on all
Scroll down CTA	Link → `#scroll-down`	
Company history text	Paragraphs	Mission/history
Testimonial carousel	Previous/Next buttons	Multiple customer photos
DHI Mortgage card	Link (external)	
DHI Title card	Link (external)	
DRH Insurance card	Link (external)	
"Come work with us"	Section + Link → `/careers`	

2.3 Smart Home (`/smart-home`)

Element	Type	Notes
Product carousel	Previous/Next	Qolsys IQ Panel and other devices
Feature cards	3 info cards	Remote, Hands-free, Expandable

Element	Type	Notes
Legal disclaimer	Long text block	Product substitution notice

2.4 Services (`/services`)

Element	Type	Notes
Hero section	Photo mosaic + heading	"We keep home in the family"
Finance card	Link (external)	DHI Mortgage
Ownership card	Link (external)	DHI Title
Coverage card	Link (external)	DRH Insurance

2.5 Customer Care (`/customer-care`)

Element	Type	Notes
Help hub	4 action cards	Links to sub-pages
Warranty request	Link → `/warranty`	
Maintenance resources	Link → `/documents-and-guides`	
Property submittal	Link → `/contact-us---property-submittals`	
Contact us	Link → `/contact-us-page`	

2.6 Warranty (`/warranty`)

Element	Type	Notes
Tab navigation	4 tabs	Part of customer care hub
Zip code input	Spinbutton	Required
Home address	Textbox	Disabled until zip entered; autocomplete
"Address not listed"	Checkbox	Alternative entry
Next button	Button	Advances form
Console errors	3 errors noted	Resource loading failure (dropzone.css), Promise.allSettled compatibility

2.7 Contact Us (`/contact-us-page`)

Element	Type	Notes
Tab navigation	4 tabs	Selected: Contact us
Inquiry Type	Dropdown	5 options + placeholder
First Name	Textbox	Required
Last Name	Textbox	Required
Phone Number	Masked textbox	`(___) ___-____`
Secondary Phone	Masked textbox	Optional
Email	Textbox	Required
Confirm Email	Textbox	Required
Address	Textbox	Optional
State	Dropdown	All US states; required
City	Textbox	Required
Request details	Textbox	Required, min 10 chars
Submit button	Button	
Find an Office	Tabbed section	Local offices / National offices
State accordions	Expandable buttons	Division office details by state

2.8 Military Benefits (`/military-benefits`)

Element	Type	Notes
Hero section	Image + text	Flag icon
"Start the conversation"	Anchor link → `#contact-form`	
Feature cards	3 cards	Ready, Peace of mind, Investment
Testimonial	Quote	Ocampo Family
VA Loans section	External link	DHI Mortgage
Contact form	5 fields	First name, Last name, Email, Phone, Military branch
Military branch	Dropdown	6 branches
Submit button	Button	

2.9 Careers (`/careers`)

Element	Type	Notes
Hero text	h1	"We build people too.®"
Benefits list	Unordered list	9 items
Apply now card	Link (external)	Taleo job search
Internship card	Link → `/internships`	
Internship section	Image + CTA	
National transfer	Link (external)	Taleo internal

---

3. Smoke Test Cases

ID	Title	Category	Preconditions	Steps (high-level)	Expected Result	Priority	Notes
SMK-001	Home page loads	Page Load	None	1. Navigate to `https://www.drhorton.com/`	Page loads with title "D.R. Horton America's Largest Home Builder | Homes For Sale", no console errors blocking render	Critical

SMK-011	Careers page loads	Page Load	None	1. Navigate to `/careers`	Page title "Careers | D.R. Horton", h1 heading visible	High	

ID	Title	Category	Preconditions	Steps (high-level)	Expected Result	Priority	Notes
SMK-012	Community search is present	Search	Home page loaded	1. Verify search combobox exists with placeholder text	Combobox with "Search by zip, city, state, or community" placeholder visible	Critical	
SMK-013	Footer renders on all pages	Layout	None	1. Navigate to any page 2. Scroll to footer	Footer navigation, social links, legal links, and copyright all visible	High	
SMK-014	Cookie banner displays	Privacy	First visit / cleared cookies	1. Navigate to home page in clean session	Cookie banner dialog appears with Manage Cookies, Reject, and Dismiss buttons	High	
SMK-015	Cookie banner dismissible	Privacy	Cookie banner visible	1. Click "Dismiss" button on cookie banner	Cookie banner closes	High	
SMK-016	State landing page loads	Page Load	None	1. Navigate to `/texas` (sample state)	State page loads without error, community listings visible	High	Test with 2-3 sample states
SMK-017	Skip to main content link	Accessibility	None	1. Tab into page 2. Verify "Skip to main content" link exists	Skip link present with href `#main-content`	Medium	
SMK-018	Top banner visible	Layout	None	1. Navigate to any page	"New homes. Now ready." banner visible at top	Medium	

---

4. Regression Test Cases

Navigation & Layout

ID	Title	Category	Preconditions	Steps (high-level)	Expected Result	Priority	Notes
REG-001	Header nav links all functional	Navigation	None	1. Click each header nav link 2. Verify URL and page title	Each nav link navigates to correct page	Critical	
REG-002	Logo navigates to home	Navigation	On any sub-page	1. Click D.R. Horton logo	Navigates to `/` (home page)	High	
REG-003	Footer internal links functional	Navigation	None	1. Click each internal footer link (Who we are, Smart home, Military benefits, Contact, Careers, Warranty, Rental investor)	Each link navigates to correct internal page	High	
REG-004	Footer external links have correct hrefs	Navigation	None	1. Verify href attributes on footer external links (Submit your story, Investor relations, DHI Mortgage, DHI Title, DRH Insurance)	Each has correct external URL	Medium	Don't navigate; just verify href
REG-005	Social media links correct	Navigation	None	1. Verify href on each social icon (Facebook, Instagram, LinkedIn, Pinterest)	Correct social URLs	Medium	
REG-006	State grid links all resolve	Navigation	Home page	1. Open 5+ sample state links from footer grid	Each state page loads	Medium	Sample: TX, FL, CA, NY, GA
REG-007	State submenu expands	Navigation	Home page or footer	1. Click "Open submenu" button next to a state (e.g., Texas)	Submenu expands showing local market links	Medium	
REG-008	Mobile hamburger menu opens	Responsive	Viewport 375px	1. At 375px width 2. Click "toggle navigation" button	Navigation menu opens showing main nav links	High	
REG-009	Mobile footer accordion works	Responsive	Viewport 375px	1. At 375px width 2. Click footer tab headings	Each section expands to show links	Medium	
REG-010	Deep link to contact-us page	Navigation	None	1. Navigate directly to `/contact-us-page`	Page loads with Contact us tab active	High	
REG-011	Deep link to warranty page	Navigation	None	1. Navigate directly to `/warranty`	Page loads with Warranty request tab/content active	High	

Home Page

ID	Title	Category	Preconditions	Steps (high-level)	Expected Result	Priority	Notes
REG-012	Community search accepts input	Search	Home page loaded	1. Click search combobox 2. Type "Dallas"	Combobox accepts text, search suggestions may appear	Critical	
REG-013	Map view button clickable	Search	Home page loaded	1. Click "Map view" button	Map view mode activates or navigates to map	High	
REG-014	Hero heading renders	Content	Home page loaded	1. Verify h1 "Find your community. Find your home." is visible	Heading text matches expected	High	
REG-015	Video section loads	Content	Home page loaded	1. Verify iframe in video section loads	iframe renders without errors	Medium	
REG-016	Feature card links correct	Navigation	Home page loaded	1. Verify hrefs on Smart Home, Real Estate Agents, Military Buyers, Submit Your Story cards	Correct internal/external URLs	High	

Contact Us Form

ID	Title	Category	Preconditions	Steps (high-level)	Expected Result	Priority	Notes
REG-017	Contact form all fields render	Forms	`/contact-us-page` loaded	1. Verify all form fields exist: Inquiry Type, First Name, Last Name, Phone, Secondary Phone, Email, Confirm Email, Address, State, City, Request details	All fields present and interactable	Critical	
REG-018	Inquiry type dropdown options	Forms	`/contact-us-page` loaded	1. Open Inquiry Type dropdown 2. Verify all options	Options: Make a selection, Home Buyer - Sales Inquiries, Homeowner Inquiries, Real Estate Agent Inquiries, Vendor Inquiries, Other Inquiries	High	
REG-019	Required field validation — empty submit	Forms	`/contact-us-page` loaded	1. Click Submit without filling any fields	Validation errors shown for required fields (First Name, Last Name, Email, Confirm Email, State, City, Request details)	Critical	
REG-020	Email format validation	Forms	`/contact-us-page` loaded	1. Enter invalid email format (e.g., "notanemail") 2. Attempt submit	Email validation error message displayed	High	
REG-021	Email confirmation mismatch	Forms	`/contact-us-page` loaded	1. Enter "test@test.com" in Email 2. Enter "different@test.com" in Confirm Email 3. Attempt submit	Validation error for email mismatch	High	
REG-022	Request details min length	Forms	`/contact-us-page` loaded	1. Fill required fields 2. Enter "short" in Request details (< 10 chars) 3. Submit	Validation error for minimum length	High	
REG-023	Phone number mask formatting	Forms	`/contact-us-page` loaded	1. Click Phone Number field 2. Type digits	Phone input formats as `(___) ___-____`	Medium	
REG-024	State dropdown all options	Forms	`/contact-us-page` loaded	1. Open State dropdown 2. Verify all state abbreviations present	All 50 states + DC represented	Medium	

Customer Care Tabs

ID	Title	Category	Preconditions	Steps (high-level)	Expected Result	Priority	Notes
REG-025	Customer care tab navigation	Tabs	`/contact-us-page` or `/warranty` loaded	1. Click each tab: Warranty request, Maintenance resources, Property submittal, Contact us	Correct content panel displays for each tab	Critical	
REG-026	Tab state reflects URL	Tabs	None	1. Navigate to `/warranty` 2. Verify Warranty request tab active 3. Navigate to `/contact-us-page` 4. Verify Contact us tab active	Active tab matches URL	High	

Warranty Form

ID	Title	Category	Preconditions	Steps (high-level)	Expected Result	Priority	Notes
REG-027	Warranty zip code input	Forms	`/warranty` loaded	1. Enter valid zip code in spinbutton	Zip code accepted, address field becomes enabled	Critical	
REG-028	Warranty address disabled initially	Forms	`/warranty` loaded	1. Verify address textbox is disabled before zip entry	Address field disabled with "Find and Select your House Address" placeholder	High	

ID	Title	Category	Preconditions	Steps (high-level)	Expected Result	Priority	Notes
REG-029	Warranty "address not listed" checkbox	Forms	`/warranty` loaded	1. Check "My address isn't listed" checkbox	Alternative address entry mode activated	High	
REG-030	Warranty form console errors	Error Handling	`/warranty` loaded	1. Check console for errors	Note: 3 errors observed (dropzone.css 404, Promise.allSettled compatibility). These should be investigated.	Medium	Existing defect

Military Benefits Form

ID	Title	Category	Preconditions	Steps (high-level)	Expected Result	Priority	Notes
REG-031	Military form all fields render	Forms	`/military-benefits` loaded	1. Verify all form fields: First name, Last name, Email, Phone, Military branch	All fields present	High	
REG-032	Military branch dropdown options	Forms	`/military-benefits` loaded	1. Open Military branch dropdown	Options: Air Force, Army, Coast Guard, Marine Corps, Navy, Space Force	High	
REG-033	Military form required validation	Forms	`/military-benefits` loaded	1. Click Submit without filling fields	Required field validation errors shown	High	
REG-034	Military form phone mask	Forms	`/military-benefits` loaded	1. Type phone number	Phone formats as `(___) ___-____`	Medium	

Find an Office

ID	Title	Category	Preconditions	Steps (high-level)	Expected Result	Priority	Notes
REG-035	Local offices tab default	Tabs	`/contact-us-page` loaded, scrolled to Find an Office	1. Verify "Local offices" tab is selected by default	Local offices tab active	Medium	
REG-036	National offices tab	Tabs	`/contact-us-page` loaded	1. Click "National offices" tab	National offices content displayed	Medium	
REG-037	State accordion expand/collapse	UI Component	`/contact-us-page`, Find an Office section	1. Click "Alabama" button 2. Verify office details appear 3. Click again to collapse	Office details for Alabama divisions expand/collapse	Medium	

Responsive Layout

ID	Title	Category	Preconditions	Steps (high-level)	Expected Result	Priority	Notes
REG-038	Layout at 1920px	Responsive	None	1. Set viewport to 1920×1080 2. Navigate to home page	Full desktop layout, all nav links visible	Medium	
REG-039	Layout at 1440px	Responsive	None	1. Set viewport to 1440×900 2. Navigate to home page	Desktop layout maintained	Medium	
REG-040	Layout at 1024px	Responsive	None	1. Set viewport to 1024×768 2. Navigate to home page	Layout adjusts, check if nav collapses	Medium	Tablet breakpoint
REG-041	Layout at 768px	Responsive	None	1. Set viewport to 768×1024 2. Navigate to home page	Tablet layout, may show hamburger	Medium	
REG-042	Layout at 375px	Responsive	None	1. Set viewport to 375×812 2. Navigate to home page	Mobile layout: hamburger menu, stacked content, accordion footer	High	

Content & SEO

ID	Title	Category	Preconditions	Steps (high-level)	Expected Result	Priority	Notes
REG-043	Page titles unique and descriptive	Content	None	1. Navigate to each main page 2. Check `document.title`	Each page has unique, descriptive title	Medium	
REG-044	H1 headings present on all pages	Content	None	1. Navigate to each page 2. Verify h1 exists	Every page has exactly one h1 heading	Medium	
REG-045	Images have alt text	Accessibility	None	1. Check key images on home, who we are, smart home pages	Images have descriptive alt attributes	Medium	
REG-046	Copyright year current	Content	None	1. Check footer copyright	Shows "© 2026 D.R. Horton, Inc. All Rights Reserved"	Low	

Carousels

ID	Title	Category	Preconditions	Steps (high-level)	Expected Result	Priority	Notes
REG-047	Who We Are testimonial carousel	UI Component	`/who-we-are` loaded	1. Click "Next" button 2. Verify carousel advances 3. Click "Previous" 4. Verify carousel goes back	Carousel navigates between testimonials	Medium	
REG-048	Smart Home product carousel	UI Component	`/smart-home` loaded	1. Click "Next" button 2. Verify product changes 3. Click "Previous"	Carousel navigates between smart home products	Medium	

Cookie Consent

ID	Title	Category	Preconditions	Steps (high-level)	Expected Result	Priority	Notes
REG-049	Cookie banner — Reject	Privacy	Clean session	1. Click "Reject" on cookie banner	Banner closes, cookies not set (or minimal)	High	
REG-050	Cookie banner — Manage Cookies	Privacy	Clean session	1. Click "Manage Cookies" on cookie banner	Cookie preferences panel opens	Medium	
REG-051	Cookie banner persists on dismiss	Privacy	None	1. Dismiss cookie banner 2. Refresh page	Cookie banner does not reappear	Medium	

Error Handling

ID	Title	Category	Preconditions	Steps (high-level)	Expected Result	Priority	Notes
REG-052	404 page for invalid routes	Error Handling	None	1. Navigate to `/nonexistent-page`	Appropriate error page or redirect, no crash	High	
REG-053	Console errors on warranty page	Error Handling	None	1. Navigate to `/warranty` 2. Check console	Document known errors: dropzone.css 404, Promise.allSettled error	Medium	Existing defect to track

---

5. End-to-End Test Cases

ID	Title	Category	Preconditions	Steps (high-level)	Expected Result	Priority	Notes
E2E-001	Home search to community results	Search	None	1. Navigate to home page 2. Enter a zip code (e.g., "75034") in search combobox 3. Select a suggestion or submit 4. Verify community results page loads	Search results display relevant communities for the searched area	Critical	Core user journey
E2E-002	Home → Who We Are → Careers flow	Navigation	None	1. Navigate to home page 2. Click "Who we are" nav link 3. Verify page load 4. Scroll to "Come work with us" 5. Click "Join the team" link 6. Verify Careers page loads	Full navigation journey completes across 3 pages	High	
E2E-003	Customer Care → Contact Us form submission	Forms	None	1. Navigate to `/customer-care` 2. Click "Contact us" card 3. Fill out contact form with valid data (Inquiry Type: Other Inquiries, First/Last name, Email match, State, City, Request details 10+ chars) 4. Submit form	Form submits successfully, confirmation message displayed	Critical	Use realistic test data

E2E-007	Find an Office by state	Navigation	None	1. Navigate to `/contact-us-page` 2. Scroll to Find an Office 3. Ensure Local offices tab active 4. Click "Texas" accordion 5. Verify division office details display	Office addresses, phone numbers visible for Texas divisions	Medium	

ID	Title	Category	Preconditions	Steps (high-level)	Expected Result	Priority	Notes
E2E-008	Customer Care tab switching	Navigation	None	1. Navigate to `/warranty` 2. Verify warranty form visible 3. Click "Contact us" tab 4. Verify contact form visible 5. Click "Warranty request" tab 6. Verify warranty form returns	Tab switching works bidirectionally without page reload issues	High	
E2E-009	Mobile navigation journey	Responsive	Viewport 375px	1. Set viewport to 375×812 2. Navigate to home page 3. Click hamburger menu 4. Click "Customer care" 5. Verify page loads 6. Navigate to warranty tab	Full mobile navigation flow completes	High	
E2E-010	Services page → External service links	Navigation	None	1. Navigate to `/services` 2. Verify Finance card href → dhimortgage.com 3. Verify Ownership card href → dhititle.com 4. Verify Coverage card href → drhortoninsurance.com	All external service links have correct href attributes	Medium	Verify hrefs only, don't follow external links
E2E-011	FAQ link from Contact page	Navigation	None	1. Navigate to `/contact-us-page` 2. Click "frequently asked questions" link 3. Verify `/faq` page loads	FAQ page loads with relevant content	Medium	
E2E-012	Search with Map view	Search	None	1. Navigate to home page 2. Click "Map view" button 3. Verify map interface loads 4. Interact with map	Map view displays correctly with community markers or search interface	High	

---

6. Risk Assessment & Recommendations

6.1 High-Risk Areas

1. **Community Search (Home Page)** — The primary user action on the site. Search combobox drives all home-buying traffic. Broken search = total business impact.
2. **Contact Us Form** — Multi-field form with validation, masked inputs, and dropdowns. High surface area for regression.
3. **Warranty Request Form** — Multi-step form with zip code lookup and address autocomplete. Already shows console errors (dropzone.css 404, Promise.allSettled). Most complex form on the site.
4. **Customer Care Tab Navigation** — Four interconnected pages sharing a tab interface. Deep links must resolve to the correct tab. Breakage affects all customer support flows.
5. **State Landing Pages** — 37 state pages with expandable market submenus. High volume of routes to validate.

6.2 Coverage Gaps

1. **Authentication-gated areas** — No login/authentication flows were discovered on the public site. The "Submit Your Story" feature redirects to `customerportal.drhorton.com` which likely requires auth.
2. **Property Submittal form** — `/contact-us---property-submittals` was not fully explored; needs separate review.
3. **Maintenance Resources page** — `/documents-and-guides` content was not explored; may contain downloadable documents, filters, or state-based lookups.
4. **Internships page** — `/internships` linked from Careers but not explored.
5. **Real Estate Agents page** — `/real-estate-agents` linked from homepage but not explored.
6. **Community detail pages** — Individual community/home listing pages were not explored. These likely have floor plans, pricing, photo galleries, maps, and scheduling forms.
7. **Map view functionality** — Map interface on home page was not interacted with. May use Google Maps or similar.
8. **Search autocomplete behavior** — Dropdown suggestions when typing in community search were not fully tested.
9. **Third-party integrations** — OneTrust (cookies), Cloudflare Turnstile (bot protection), accessiBe (accessibility overlay), Facebook pixel tracking.

6.3 Recommended Test Data

Data Type	Values Needed
Valid zip codes (with D.R. Horton homes)	75034 (Frisco TX), 32259 (Fruit Cove FL), 28273 (Charlotte NC)
Contact form data	First/Last names, valid email pairs, phone numbers, addresses
Military branch values	Air Force, Army, Coast Guard, Marine Corps, Navy, Space Force
State abbreviations	All 50 + DC for dropdown validation
Invalid data	Bad emails, short text (<10 chars), mismatched emails, empty required fields
Zip codes without D.R. Horton homes	e.g., 10001 (Manhattan NY) — to test "no results" states
Community search terms	City names, state names, zip codes, community names

6.4 Suggested Execution Order

1. **Smoke Tests first** — Validates all pages load and core elements render. Quick feedback on deployments. (~18 tests)
2. **Regression — Navigation & Layout** — Ensures links, responsive layouts, and page structure are intact. (~15 tests)
3. **Regression — Forms** — Contact, Warranty, and Military forms are the highest-interaction areas. (~18 tests)
4. **Regression — UI Components** — Carousels, tabs, accordions, cookie consent. (~10 tests)
5. **E2E Tests last** — Full journey tests after individual components are verified. (~12 tests)

6.5 Open Questions

1. **Warranty form errors** — The `/warranty` page has 3 console errors (dropzone.css 404, Promise.allSettled not a function). Are these known issues? Do they affect functionality?
2. **Search autocomplete API** — What API powers the community search? Is there a minimum character count before suggestions appear?
3. **Form submission endpoints** — Where do Contact Us, Military Benefits, and Warranty forms POST to? Is there a success/confirmation page or inline message?
4. **Map view implementation** — What mapping service is used? Does it require an API key for testing?
5. **Property Submittal form** — What fields does this form contain? Is it similar to Contact Us?
6. **Community detail pages** — What is the URL pattern? (e.g., `/texas/dfw/community-name`) What interactive elements exist on these pages?
7. **Rental Investor page** — `/rentals/rentalinvestor` — Is this a separate application or part of the main site?
8. **accessiBe overlay** — Should the accessibility overlay integration be tested, or is it managed by the vendor?
9. **Turnstile/CAPTCHA** — Cloudflare Turnstile is loaded. Does it appear on any form submissions? This will affect automated testing.
10. **Browser support matrix** — What browsers and versions should be tested? (Chrome, Firefox, Safari, Edge, mobile browsers)

Total Test Cases: 73

- Smoke: 18
- Regression: 53
- E2E: 12

Once this review is approved, a follow-up prompt will be used to generate the actual Playwright test code based on the agreed plan.
